WORK EXPERIENCE

Frontend Developer (Project-based / Freelance)
Frontend Development Projects
2023 – Present

- Created responsive and user-friendly web interfaces using HTML, CSS, and JavaScript.
- Implemented dynamic features and interactive elements using React and modern ES6+ syntax.
- Collaborated with designers and backend developers to create seamless and consistent user experiences.
- Optimized website performance and accessibility, ensuring cross-browser compatibility.
- Worked with Git/GitHub for version control and team collaboration.
- Translated UI/UX designs into clean, maintainable, and reusable code.
- Gained practical experience with REST APIs, JSON data handling, and asynchronous JavaScript (fetch/async-await).

SUMMARY

- Front-End Developer focused on building clear, responsive and user-friendly web interfaces. Experienced with JavaScript, HTML, CSS and modern web tools, with a background in Graphic & Web Design that contributes to clean visual structure and attention to detail. Always motivated to improve and deliver well-organized code and intuitive user experiences.

EDUCATION

High School — Graphic & Web Design | Tuzla
Gained strong visual design fundamentals and basic web creation skills.

JavaScript Front-End Development Certificate | 2024
Focused on JavaScript, DOM, responsive web interfaces and modern development tools.
